**RE: MB Docket No. 03-15**  
**Supplement to Request for Extension of Use-It-or-Lose-It Deadline**

Ladies and Gentlemen:

Fort Myers Broadcasting Company ("FMBC") , permittee of digital television broadcast station WINK-DT, Fort Myers, Florida, submits the following supplemental information with respect to its pending request for an extension of the use-it-or-lose-it deadline for interference protection.

On January 3, 2006, FMBC was issued a building permit by Charlotte County, Florida, for the construction of the transmitter building addition needed to house the WINK-DT digital transmitter. The South Florida Water Management District permit for this project was issued on February 1, 2006. Construction of the transmitter building addition is now underway and the building should be completed by early June. At that time, FMBC will be able to install the digital television transmitting equipment. The attached photograph shows the current progress of construction.

Respectfully submitted,

Joseph A. Belisle  
Counsel for Fort Myers Broadcasting Company

JAB/kp
